-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

1. An amendment was received from the applicant on May 4, 2005.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1, 2, 14, 26, 27 and 34 are rejected under 35 U.S.C. 102(b) as being anticipated by Pickett et al. (US 4,463,701).

Pickett et al. discloses the same submersible glider as claimed, as shown in Figures 1-5, that is comprised of a cylindrical hull, defined as Part #12, with a wave-piercing bow, defined as Part #13, and a stern, defined as Part #15, first and second generally planar lifting surfaces, defined as Part #22, that are disposed on a central portion of said hull, extend toward said stern, and have a pair of generally planar stabilizer surfaces, defined as Part #28, that extend generally perpendicular to a plane of said first and second lifting surfaces, where said stabilizer surfaces are connected to ends of said first and second lifting surfaces, as shown in Figures 1 and 2. Said submersible glider further includes a propulsion system in the form of a tow vessel that is connected to said submersible glider by a tow cable, defined as Part #8, and a steering device in the form of said tow cable.

Allowable Subject Matter

4. Claims 46-63 are allowed.
5. Claims 3-13, 15-25, 28-33 and 35-45 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

6. Applicant's arguments filed on May 4, 2005 regarding claims 1, 2, 14, 26, 27 and 34 have been fully considered but they are not persuasive.
7. The applicant argues that Pickett et al. (US 4,463,701) does not disclose the feature of a generally planar lifting surface disposed toward the stern of a submersible glider.
8. In response to the applicant's argument, Pickett et al. discloses a submersible glider with first and second generally planar lifting surfaces that are disposed on a central portion of said submersible glider, and extend aft of center toward the stern of said submersible glider, as shown in Figures 1 and 3. Thus, Pickett et al. discloses a submersible glider that includes the feature of a generally planar lifting surface that is disposed toward the stern of said submersible glider. Therefore, for the reasons given above, the rejection of claims 1, 2, 14, 26, 27, and 34 is deemed proper and is not withdrawn.

Conclusion

9. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
